Oleofuels 2018

Oleofuels 2018 will bring together senior representatives from the biodiesel, renewable diesel, HVO and fossil fuels industries to discuss all the latest market advancements, developments & business opportunities. The event will cover current key challenges and issues faced by the industry and provide in depth discussions and analysis of today`s European & global policies and regulations, updates on feedstock availability & sourcing strategies, followed by cutting edge technology & chemistry innovations, providing an informative and balanced approach for participants from across the entire supply chain.
