Implementation Plan of SET-Plan Action 8 Bioenergy and Renewable Fuels for Sustainable Transport

On 13 June 2018 the SET-Plan Steering Group approved the Implementation Plan of SET-Plan Action 8 Bioenergy and Renewable Fuels for Sustainable Transport. The plan was prepared by a working group co-chaired by industrial experts from ETIP Bioenergy over the last nine months. It details the European Research and Innovation activities required until 2030 to reach the strategic targets for this sector. The estimated investment volume, to be provided by stakeholders, Member States and European Commission, amounts to 107 billion €. Patrik Klintbom, Chair of the Steering Committee of ETIP Bioenergy: "We now have a clear plan how to move forward in EU. ETIP Bioenergy is looking forward to implement the SET-Plan and will continue to support and push for the development of a world class Bioenergy and Renewable fuels industry".
