Commercial vehicle registrations: +5.7% first two months of 2019

In February 2019, the EU market for commercial vehicles continued to grow (+4.7%). Registrations increased from 173,492 to 181,636 units, with growth being sustained across all commercial vehicle segments. All key EU markets except Spain (-3.8%) recorded gains last month, most notably Germany (+15.2%) and France (+7.1%).

From January to February 2019, the CV market expanded by 5.7%, counting 382,114 new registrations across the EU. Germany (+15.5%), France (+7.7%), the UK (+6.3%), Spain (+2.1%) and Italy (+1.2%) all saw demand for commercial vehicles increase so far this year.
