IEA Bioenergy Annual Report 2018

The IEA Bioenergy Annual Report 2018 includes a special feature article "Measuring, governing and gaining support for sustainable bioenergy supply chains: lessons and messages from a three-year Inter-Task" prepared by the Inter-Task team, which was led by Task 40.

The Annual Report also includes a report from the Executive Committee and a detailed progress report on each of the Tasks. Also included is key information such as Task participation, Contracting Parties, budget tables and substantial contact information plus lists of reports and papers produced by the Technology Collaboration Programme.
